NORTH AMERICA

Be Our Guest... at Techtex^{til} North America 2010!

May 18 - 20, 2010 • Georgia World Congress Center • Atlanta

Exhibit Hall

The product groups at Techtex^{til} North America represent the entire value-added chain in technical textiles and nonwovens. From research and development, through raw materials and production processes and finally ending in conversion, further treatment and recycling. Meet with Exhibitors from around the world categorized by the following product groups:

- Research, Development, Planning and Consulting
- Technology, Machinery & Accessories
- Fibers and Yarns
- Woven Fabrics, Laid Webs, Braiding & Knitted Fabrics
- Nonwovens
- Coated Textiles
- Composites
- Bondtec
- Associations
- Publications
